# Innocoat Beeds Off Water Based

**Innocoat Beeds Off Water Based is a water repellent primer that reduces water absorption in timber, concrete and other surfaces, while retaining the natural look.**

## Description

Innocoat Beeds Off WB enhances water repellency and water resistance providing protection from absorbing moisture while retaining the natural appearance of the substrate. Being water based Innocoat Beeds Off WB can be applied to both interior and exterior surfaces.

### Features

- Water based, odour free and VOC free
- Maintains the natural substrate finish
- Environmentally friendly
- Reduces natural decay and warping in timber caused by moisture ingress
- Provides protection against stains and soiling
- Easy to apply and quick drying.

### Cautions

- Cannot be applied as a waterproofing agent
- Will not prevent graying of timber due to UV exposure.

### Physical Properties

Appearance : White milky liquid

Odour: Slight odour

Water Solubility : Miscible in water

Pack Sizes : 1, 2, 5, 20 L Units.

## Product Guide

# Innocoat Beeds Off Water Based

### Precautions

- Do not dilute.

### Preparation

- Remove any varnish or wood stain residue on timber. Acid etch concrete surfaces with Innocoat SyT-Etch & water blast thoroughly.
- If moss or lichen growth are present remove with Innocoat Moss Master or Purgo and allow to dry completely.
- Ensure surface is dry and clean.

### Application

- Shake or stir well before use. Wait for any bubbles to subside.
- Apply by brush, roller or sprayer.
- If the surface is very absorbent reapply a second coat within 2 hours.
- Protect from rain for 24 hrs.

### Coverage

- approx. 8 - 12 m<sup>2</sup>/ L depending on porosity and texture of the surface

Clean-Up All equipment can be cleaned with water.

Subsequent application of varnish or stain is possible after 72 hours, however it is recommended that a small sample area is tested first, as the colour or adherence may be affected.

### Storage and Handling

Handling : Suitable protective clothing must be worn – Refer Personal Protective Equipment section

Storage : Store in cool, dry, well ventilated place in original container. Store out of reach of children.

Ensure container is sealed when not in use and is checked regularly for leaks or spills.

Innocoat Beeds Off Water Based can be stored once opened for up to 12 months.
