

Product Guide

Marine Clean - Grease Boss

Grease Boss is a powerful industrial grade degreaser and all in one cleaner. 100% biodegradable, non-solvent, non-butyl, non-hazardous, SAFE to use and SAFE for the environment

Description

Grease Boss easily removes petroleum-based oils, vegetable and animal fats. Its unique properties allow it to lift the grease rather than emulsify like solvent or butyl based degreasers which allow the grease to take on water and sink, requiring extra effort to remove.

Grease Boss is a super concentrated industrial cleaner which at different dilutions can be used in countless applications, ie oil cleanup, carbon removal, grease removal, asphalt removal and in many environments, ie marine, auto, domestic.

A little goes a long way ;

5:1 dilution Grease Boss will easily remove caked on hydraulic fluid

10:1 dilution Grease Boss cleans a dirty fry hood or BBQ

30:1 dilution Grease Boss cleans carpets, floors, boats and cars

100:1 dilution Grease Boss clean dirty windows leaving a streak free finish.

Features

- Non Toxic, Non Solvent, Non Butyl, No VOC
- Lifts grease, Cuts fats
- Removes tough stains, even on fabric
- Reduces grease trap maintenance
- Contains rust and corrosion inhibitors
- 100% Biodegradable
- Environmentally friendly
- Great value for money with a range of dilutions for a range of tasks
- Easy and safe to use

Physical Properties

Appearance : Clear liquid

Odour: Mild soapy odour

Water Solubility : Miscible in water

Pack Sizes : 500ml Spray Trigger units (RTU, diluted 1:1)

1L , 5L & 20L concentrate units

Product Guide

Marine Clean - Grease Boss

Precautions

- Grease Boss is safe to use on fibreglass, plastic, chrome, glass, stainless, fabric – but may dull some aluminum if left unrinsed for a period of time.

Application

- Dilute as per required application
- Spray or wipe on, leave for 3 – 5 minutes then wipe off and rinse.
- For extra heavy buildup leave longer or apply a second application

Storage and Handling

Handling : Suitable protective clothing must be worn – Refer Personal Protective Equipment section
