

## Product Guide

# Purgo Antimicrobial Multi-Surface Cleaner

**Purgo is a broad spectrum disinfectant and detergent. Formulated with natural ingredients to disinfect hard surfaces, killing bacteria and micro-organisms. A safe effective replacement for bleach and quat while remaining non-corrosive and non-toxic. Purgo will destroy odour causing bacteria and even control algae.**

## Description

Purgo has been formulated with natural ingredients to disinfect surfaces such as walls, floors, counters, sinks, toilets, showers, doorknobs, in fact any hard surface. Purgo is ideal for disinfecting toys, diaper pails, change tables, waiting rooms, tables and chairs, and so much more. Powered by live, bound vegetative microbes, Purgo is instantly reactive, resistant to heat, chlorine and sanitiser so it can be used in any cleaning environment where cleaning and odour control are required. Non toxic and non-corrosive Purgo is an effective replacement for harsh bleaches and quat. MPI Approved C32.

## Features

- Instantly reactive disinfectant, neutralises and removes odours
- Proven wide range of uses on all hard surfaces
- High dilution rates make PURGO extremely cost effective
- Kills bacteria and microorganisms, including odour causing bacteria on food contact surfaces
- Powerful cleaning and disinfectant properties
- Contains NO BLEACH or nasty quat, PURGO is 100% biodegradable = SAFE for the ENVIRONMENT!
- Safe for use on toys, phones & food contact surfaces – versatile throughout a range of industries
- Effectively controls the growth of algae (20ppm)
- Kills bacteria that cause fouling in water towers (100ppm)
- Kills and controls microorganisms infectious to animals
- Removes mold stains from decks, patios and other structures with no harm to plants or animals

## Physical Properties

Appearance : Clear liquid

Odour: Mild soapy odour

Water Solubility : Miscible in water 100%

Sizes : 5 L , 20 L Units.

## Product Guide

# Purgo Antimicrobial Multi-Surface Cleaner

### Application

Refer to the label for dilution rates.

Effectively kills odour causing bacteria on food surfaces at 1:32 and non-food contact surfaces at 1:64. Allow 1 minute minimum contact time.

For removal of bacteria that cause spoilage, dilute 1:10 and allow a 2 minute minimum contact time

Before use, remove all edible products & packaging from the room. Food surfaces must be thoroughly rinsed before using again.

Removes mold stains from decks, patios and other structures with no harm to plants or animals, dilute 1:10 with a 3 minute minimum contact time.

For killing and controlling microorganisms infectious to animals, dilute 1:32 with a minimum 2 minute contact time.

Clean-Up All equipment can be cleaned with water.

### Storage and Handling

Handling : Suitable protective clothing must be worn – Refer Personal Protective Equipment section  
Do not eat, drink or smoke while using this product.

Storage : Store in cool, dry, well ventilated place in original container. Store out of reach of children.

Store away from direct sunlight, oxidizing agents, acids, and foodstuffs.

Ensure container is sealed when not in use and is checked regularly for leaks or spills.

Innocat Purgo can be stored in a tightly closed container once opened for up to 12 months.
